## Microsoft and HP Trade-In Rebate Program

Introducing a new rebate program from Microsoft and HP that provides three ways to upgrade and save. When customers trade in qualified servers for the latest HP ProLiant or TC-series hardware, they can also migrate their server software to Microsoft® Windows Server™ 2003, and/or upgrade their e-mail and collaboration software to Microsoft Exchange Server 2003. This program provides an easy and cost-effective way to add the enhanced capabilities, reliability, and security of the latest technology while providing fast, safe, and easy disposal of older equipment.

<b>Refresh your IT infrastructure</b>	Enhance the capabilities of your organization with the latest technology from Microsoft and HP.
<b>Great rebate savings on hardware and software</b>	Receive cash back on qualifying trade-ins when you step up to selected HP servers running Microsoft Windows Server 2003.
<b>Save even more by upgrading your messaging server</b>	Replace your old messaging solution with Microsoft Exchange Server 2003 and qualify for additional rebates.
<b>Easier disposal and migration</b>	Get free shipping and packaging on trade-ins.
