

# Defense Solutions from Compaq CustomSystems

Rapid  
deployment

Long-term  
support

Reduced risk

Superior  
performance

For over twenty-five years, Defense organizations have turned to Compaq **CustomSystems** with its superior technology, unique deployment capabilities, and proven, value-added COTS solutions.

**COMPAQ**

Better answers

## Defense organizations

around the world are working to deploy information technology solutions that emphasize common usage and increased interoperability.

### These solutions must be

- Powerful
- Available
- Flexible
- Scalable
- Easy-to-order
- Tailored to requirements

Compaq *CustomSystems* delivers all these success factors using proven, expedient methods for bringing state-of-the-art solutions online on a global basis without disrupting operations.

### CustomSystems capabilities

- Defense messaging
- Security
- Rugged systems
- COTS solutions for demanding environments
- Client/server deployment
- High-availability clustered computing
- High-performance compute engines
- Secure Internet and intranet deployment
- High-speed interconnects
- High capacity data management
- Worldwide network interoperability
- Open systems
- Re-engineering and migration
- Factory integration
- Mission-critical delivery

## A successful track record in defense programs

**Aegis/ACSI**

**AGILE**

**CASS**

**DIWS-A/JSIPS-N**

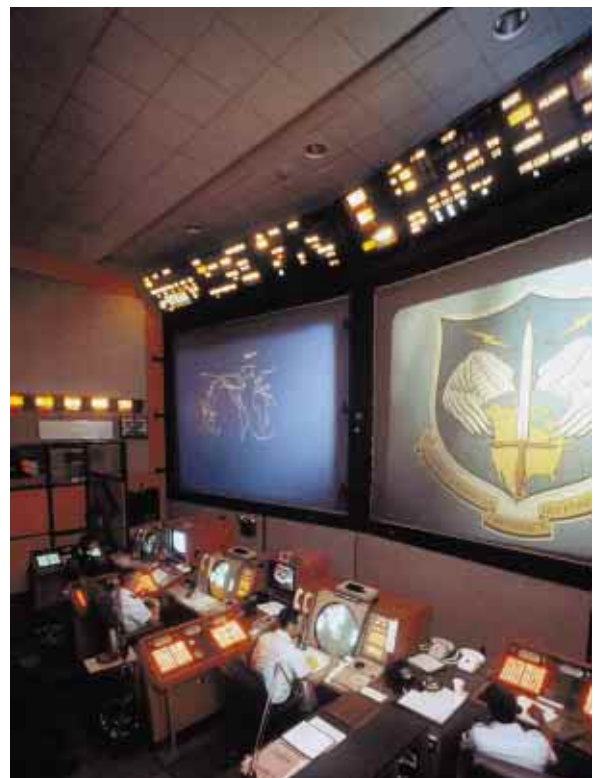

**FPS117**

**HEROS**

**Joint STARS**

**NAWS**

**Navystar**

**Compaq delivers preconfigured platforms and industry-leading service and support to dramatically reduce risk and assure accurate and timely implementations.**

# Compaq Worldwide Sales Offices

Defense organizations need information technology solutions that can be deployed rapidly with reduced risk.

They demand the assurance that the systems deployed today will have long-term program support and lifetime product migration support.

And they look for superior performance, reliability, availability, and serviceability.
