

MODEM

INSTANT 56K CONNECTION

56K V.92 Analog Modem Connection

Aztech 56K USB Modem (UM9100)

Hassle-free installation for instant fast-speed connection. The Aztech 56K V.92 USB modem delivers unparalleled high speed, reliable performance and guarantees uninterrupted 56K connection. Powered packed with advanced features, it satisfies all your communication and telephony requirements. Designed with ST Microelectronics USB technology, the Aztech 56K USB modem does not require any external power supply and it offers USB plug & play. Installing in seconds, you do not need to shut down or restart the PC to attach or remove the modem.

Aztech 56K Serial Modem (EM3950)

Embark on a fun-filled cyber journey with the Aztech 56K External Modem. Surf the net. Fax to anywhere in the world. Aztech's stylish and hip modem allows you to connect seamlessly to the internet at 56Kbps. The translucent turquoise casing allows you a curious peek into the internal workings of the modem. The Aztech 56K External Modem with Conexant Smart V.92 chipset technology meets the demand of bandwidth intensive applications. It supports broad based interoperability and provides uninterrupted 56Kbps connection to the Internet.

Aztech 56K PCI Modem (MSP3885)

Reliable connections & solid performance! Step into the next generation of computing with the Aztech 56K PCI Modem using Conexant Churchill technology. The PCI interface ensures faster data transfer from the modem to the CPU. Being V.92, V.90 and K56flex compliant, it guarantees uninterrupted 56Kbps connections to the internet.

Aztech 56K PCI Modem (MSP7850)

ITU V.92 standard now! Utilising Agere (Lucent) Condor chipset solution on PCI bus, it is designed to maximise your online experience and communication needs. This allows faster access, multi tasking and greater cost effectiveness. ITU V.92 standard is a new standard for dial-up modem. It enables faster connection speeds, upload speeds and receive / make phone call while online.

Aztech 56K PCI Modem (MSP2900)

The best in high speed Data/Fax communication, the Aztech 56K PCI modem delivers maximum 56Kbps connection and V.92 features at the same time. Designed based on Smartlink solution, it provides outstanding value, excellent reliability and ease of installation. Bandwidth intensive games, music and document files can now be downloaded at double quicktime.
