***Before You Install the Compaq TeMIP Access Library Toolkit for Windows NT®***

Dear Customer,

Compaq is delighted that you have chosen the Compaq TeMIP Access Library Toolkit V4.1 for Windows NT as part of your network management requirements.

The Compaq TeMIP Access Library (TAL) Toolkit is part of the TeMIP program and intended to allow Network Management to move into multi-vendor environments, where the need to provide new and more powerful Presentation Applications grows ever larger. To meet this demand, presentation application development and integration can now be conveniently performed using the TAL Toolkit. The TAL Toolkit has been designed as a development-programming gateway to TeMIP that eases the task of accessing, manipulating and acquiring meaningful and accurate presentation information from TeMIP Framework.

Presentation applications can be programs developed with the TAL Toolkit that perform a specific presentation function on information sourced from within a TeMIP Framework. This is carried out using the TeMIP Access Library (TAL), which can also provide the operating environment for them. You can deploy or plug new presentation applications into a TeMIP Framework and thereby extend its functionality.

Enclosed is the Compaq TeMIP Client Version 4.1 software kit, which contains the TAL Toolkit component and the associated documentation.

Please read this cover letter before installing the Compaq TeMIP Client V4.1 for Windows NT.

**Contents of the Software Kit**

Your kit includes the Compaq TeMIP Client V4.1 distribution media for Windows NT, together with the TAL documentation set in HTML format. The documentation set consists of:

- Compaq TeMIP Access Library Reference Guide (AA-REG3C-TE)
- Compaq TeMIP Access Library Development Guide (AA-REG4C-TE)

The documentation set corresponds with the functions that you have purchased.

Note that you will only be able to use the software for which you have purchased licenses.

**Release Notes**

Release Notes can be printed out during installation. The Release Notes contain information such as recommendations, amendments to documentation and restrictions.

Refer to the *Compaq TeMIP Installation Guide* (AA-Q9J2G-TE) or *Compaq TeMIP Client for Windows NT Installation and Configuration Guide* (AA-REG1C-TE) for information on how to access the Release Notes.

Refer to the Software Product Description and the *Compaq TeMIP Installation Guide* (AA-Q9J2G-TE) or *Compaq TeMIP Client for Windows NT Installation and Configuration Guide* (AA-REG1C-TE) for information on the prerequisite software and hardware.
