Accessing NetWare 4.2 Online Documentation

Novell® Online Documentation is provided to answer your technical questions. The NetWare® 4.2 Online Documentation CD-ROM can be viewed directly or accessed as a mounted volume on the network.

PREREQUISITES

If you install the NetWare documentation on a network drive, make sure the workstation is connected to the network.

SYSTEM REQUIREMENTS

❑ A PC with a 386, 486, Pentium, or higher processor

❑ Windows* 95*/98 or Windows NT*

❑ A CD-ROM drive that can read ISO 9660 formatted CD-ROM disks

❑ 16 MB RAM

VIEW DOCUMENTATION FROM THE CD-ROM

1. From a Windows 95/98 or Windows NT workstation, insert the *Online Documentation* CD-ROM.

   The CD-ROM should auto-launch the Netscape Navigator browser and the Novell Online Documentation.

   Note: You can also copy the entire CD-ROM to the network or local disk drive.

2. If the CD-ROM does not auto-launch, run \novdocs\viewdoc.exe.

MOUNT THE CD-ROM AS A VOLUME ON THE NETWORK

1. At a NetWare server, insert the *Online Documentation* CD-ROM.

2. At the NetWare server console, enter **load cdrom**.

3. Enter **cd mount NW42_DOC**.

4. Continue by accessing the NetWare 4.2 *Online Documentation* CD-ROM as a mounted volume.

ACCESS THE NETWARE 4.2 ONLINE DOCU-MENTATION CD-ROM AS A MOUNTED VOL-UME

1. From a Windows 95/98 or Windows NT workstation, map a drive to the volume NW42_DOC.

2. From the NW42_DOC volume, run \novdocs\viewdoc.exe.
